

Gift or Donation Plan MLM Software

The Gift plan or Donation plan, being the simplest MLM Plan in the Network marketing industry, helps every MLM organisation to start up and succeed in their business as it's gifting strategy used for crowd-funding, donation programs, etc.

The method of operation here is simple as the plan is all about giving and receiving. In some Gifting Plan MLM Software, giving and receiving may be changed to provide help and accept help or give help and receive help. This plan enables members to benefit from each other since the concept is all about giving and receiving.

How Does the Gift Plan Work?

The gift plan applies the gift and take concept, meaning you must give to a member for you to receive from a member. So, you give to a member and you are certain of multiple gifts from many other members. The system is able to permit gifts to a certain level as will be accepted by company rules and policies.

Compensations in Gift MLM Software

1. Give Help and Get Help

This plan is built on giving and receiving. However, company rules and policies influence the amount that can be received or given coupled with the fact that you may also have to meet certain criteria to qualify for the package. In some cases, it may be based on rank or on the enrolment packages.

2. Sponsor Bonus

The sponsor bonus is usually given to a sponsor to encourage the sponsor or existing users to recruit more members into the system. It does not have a limit and as new and new members are brought in, the sponsor bonus is paid.

3. Stage Advancement Bonus

When a user qualifies to move to a new level or stage, the user gets the stage advancement bonus. This bonus is set by the MLM company.
